AMERICAN MARINES ARE FIRED UPON COUNCIL MAKES PLANS FOR SAN PABLO PAVEMENT

PAVING ON SAN PABLO AVENUE TO BE TWELVE INCHES THICK

Finest Type of Pavement Will Be Laid on San Pablo Avenue

After weeks of consideration, the council last evening decided that the best pavement possible was necessary to be used in the improvement of San Pablo avenue, and adopted plans specifying a pavement that in its entirety will be 12 inches in thickness.

The pavement will consist of a cushion of four inches of broken rock, six inches of asphaltic concrete in two layers, and a two-inch wearing surface of Warrenton.

That portion of the avenue to be paved extends from the Santa Fe tracks on the south to the northern city limits of Richmond, and it will be paved its entire width.

It was the opinion of every member of the council that there should be no delay in the paving of the avenue, for on the opening of the Carquinez bridge San Pablo avenue would become one of the heaviest traveled highways in the state.

It will take about five weeks before bids are received on the work, and it is the wish of the council to see the improvement completed at the earliest possible moment.

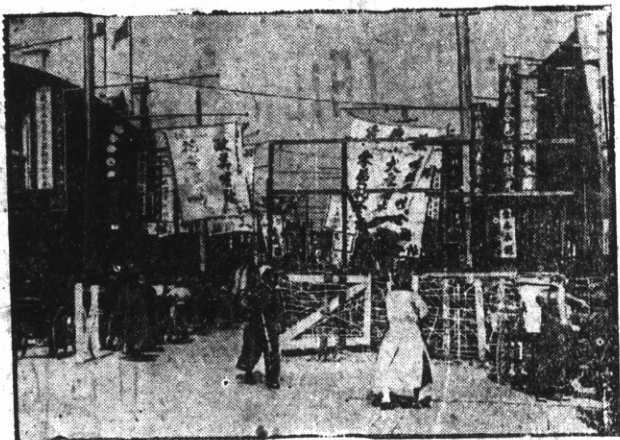

In connection with the improvement of the avenue a resolution was also adopted providing for sanitary sewers on the avenue. Bids on this work will come up at the same time.

With the paving of the avenue the street car company will move its present single track and install double tracks.

In connection with the work, the cost will be reduced by \$20,000, which was secured through the efforts of Supervisor Zeb Knott.

Barbed Wire Shanghai

Grimly waiting behind its barbed wire barricades, the foreign settlement in Shanghai looks forward hopefully to the arrival of American marines aboard the Chaumont, and additional British reinforcements. This picture shows the heavy barbed wire entanglements erected in the streets.

TROOPS RETURN FUSILADE FIRED FROM AMBUSH

Nicaraguans Snipe At American Marines On Board Train

(By Universal Service)
WASHINGTON, Feb. 28.—American marines who were fired upon in Nicaragua returned the fire, the navy department announced today. The sniping occurred while the marines were on a train between Corinto and Managua. Rebels fired upon the train from ambush and the marine guard fired back while the train was moving. The train did not stop to see if any of the snipers were wounded. There were no casualties on the train. The marines have received orders that in the event of another occurrence of the kind they are to stop the train and pursue the attackers.

The navy department announced that the occupation of the Nicaraguan republic is continuing. A marine guard has been placed on the railroad from Chinameca to Granada, the terminus on Lake Nicaragua. Granada and Masaya have been neutralized. This completes the neutralization of every place of importance in the republic.

North Fairway Closed While Span Is Raised

CROCKETT, Feb. 28.—A precautionary measure during the delicate and dangerous task of raising the first of the two suspension spans to place on the Carquinez bridge, the world's largest highway bridge, the United States government has ordered the north fairway closed to traffic between now and March 10. During this period the north suspension span will be swung into place on the noble structure which spans Carquinez Straits between this Contra Costa town and Vallejo.

To Use South Fairway
Major John W. N. Schultz, district engineer, in charge of the U. S. engineering office, headquarters at Crockett, said today: (Continued on Page 5)

GETS PERMIT TO MOVE BUILDING

An application being filed with the council last night A. J. Tandy was given permission to move the building now at 2025 Macdonald avenue to an adjoining lot, and be used temporarily as a barber shop, until a new concrete building was erected on the present site.

Haugh Gets Permit To Erect Garages

Following out the recommendation of the planning commission the council last evening granted J. A. Haugh permission to erect five fire proof garages on lots in the rear of the Westdin apartments. The garages are to provide parking space for the autos of the apartments.

SULLIVAN BEATS SAYER IN BILLIARD TOURNAMENT

Dick Sullivan defeated Herbert Sayer last night in the billiard contest being staged at the Fern Leaf cigar store. The scores were 65 to 42 and 65 to 40.

NEW CAR DEALER

Harry G. Golden Company, Chevrolet dealers at Fifteenth and Macdonald was granted a permit by the council last evening to sell used automobiles.

Rate Increase In Rivers Tract Being Considered

Richmond Co. Declares It Is Losing Money in Supplying Water

Petition of the Richmond company to increase rates in the Rivers tract to which it has been supplying water for a number of years, was considered at a hearing of the state railroad commission in the city hall yesterday.

The Richmond company gave as grounds for the proposed increase that it has been steadily losing money in supplying water to the residents of the tract. Examiner William T. Satterwaite of the state railroad commission took the matter under advisement. Railroad Commission Engineer Savage submitted a report of independent findings in the matter.

Attorney T. H. DeLap represented the Richmond company.

Court Battle Begins Against Bridge Company

Attorney General U. S. Webb of California yesterday granted permission to John Holmes, of Vallejo, to use the name of the state of California in suit against the Northern California Development company for cancellation of its corporate rights on grounds that it has not secured a franchise and started work on its bridge within six months after incorporation.

This ends another round in the battle between the American Toll Bridge company and the Northern California Development company over the rights to bridge Carquinez straits.

It is provided in Section 529 of the state code that a toll bridge company must obtain a franchise and begin work within six months after it is incorporated. This law was passed by the 1925 session of the legislature through stress laid by San Francisco civic improvement clubs who desired to hurry up the bridging of San Francisco bay.

If the law is upheld the companies now under controversy for the San Francisco-Oakland bridge franchise will of necessity have to re-incorporate and make another application.

In an opinion handed by Attorney General Webb to Attorney W. S. Pierce for the Northern California Development, it was stated that the Supreme Court should pass upon the constitutionality of the law in view of the importance to the state of the toll bridges now under consideration.

A writ of mandate has been asked by the Northern California Development company to compel the supervisors of Contra Costa county to call an initiative election for a bridge franchise. Several thousand residents of this county have petitioned for it. The decision of the Supreme Court is expected at any time.

San Francisco Thanks Richmond

A joint letter from Mayor James Rolph and Chief of Police Daniel O'Brien of San Francisco, in which they thanked Mayor Mattie Chandler for her action in designating "Police Day" was read at the meeting of the council last evening and placed on file.

REPORT BETTER

Word was received yesterday that the condition of councilman J. N. Hartnett, who is now in the Merritt hospital at Oakland, is better.

U. S. ORDERS 5 DESTROYERS TO SHANGHAI

Victorious Cantonese Are Prepared To Lay Siege To Doomed City

(By Universal Service)
WASHINGTON, Feb. 28.—Five more American destroyers were ordered to Shanghai today to defend Americans in event of attack. This movement concentrates practically all of the Asiatic fleet at Shanghai with the exception of a few ships left at Manila for an emergency and the small gunboats patrolling the upper Yangtze river.

Admiral Williams reported the situation at Shanghai today to be quiet, but surcharged with danger. Reinforcements for the army of General Sun reached Shanghai from the north and passed through to establish a line of defense against the onrushing Cantonese. In the meantime the city is filled with troops and the defense of the international settlement has been tightened.

The transportation situation on the Yangtze is reported to be extremely grave. Vessels of all kinds are being commandeered by the Cantonese for movement of troops. With the exception of three American ships all of the passenger and freight craft have been tied up at Hankow or Shanghai.

Battler in Command
Brigadier-General Smedley Butler, stationed at San Diego, California, U. S. marine corps, today received orders to proceed to Shanghai to take command of the American marines there. He is expected to sail tomorrow. He will be accompanied by Lieut.-Col. E. B. Miller and P. F. Archer, and Lieut. L. C. Whitaker.

BATTLE PENDING
SHANGHAI, Feb. 28.—The stage is set tonight for the battle of Shanghai. The southern forces, fresh from their many victories, are at Sun Kiang, 28 miles south of here, prepared to lay siege to the most important center of the foreign powers in China and march in triumph toward their coveted goal, Peking.

The northern forces, inspired by the famous Manchurian war lord, Marshal Chang Tso Lin, are marshalling their power prepared to make a Waterloo or a Gettysburg of Shanghai for the invading horde from the south. From the Shanghai district reinforcements commanded by General Chang Sung Chang have been rushed to Sun Kiang to retard the Cantonese forces.

No Action Taken On Gough Pardon Plea

The state board of prison directors has postponed action on the application of James W. Gough convicted of the Golett oil swindle, for parole from San Quentin. Gough's application will be taken up again after the sentence has been definitely fixed by the board. He is serving from one to ten years. Gough was convicted in Alameda county of the oil fraud in which Richmond people lost more than \$40,000.

MADE ADMINISTRATOR

Thomas M. Carlson of Richmond was yesterday appointed administrator of the estate of Seth W. Ladd, former Richmond resident, who left property here valued at \$5,000. The heir is a daughter, Mrs. Gertrude Bryan of Baker, Oregon.

EXPECTED HOME

Mrs. Max Chinitz is expected to return home from the Fabiola hospital, Oakland, today with her little daughter, who was born two weeks ago.

Heiress Nurse

Miss Mary Lillian du Pont, (above) 20-year-old heiress, has forsaken society to enter the Nurses' Training school at Johns Hopkins hospital, Baltimore. Miss du Pont is the daughter of Lamotte du Pont president of the E. I. du Pont de Nemours company of Wilmington, Del., and made her debut last season.

Three Pieces Of Land Will Be Filled In

Complying with the terms of its lease with the City of Richmond, the Parr Terminal company, last evening at the meeting of the council, in a communication notified that body what lands it desired to be filled.

Three pieces of property are specified as those to receive the mud from the dredging operations. They are designated as, first—the 15-acre tract owned by the City of Richmond; second—the 102-acre tract, a portion of which will be occupied by the Ford factory, and third—the 63-acre Gilmore tract.

The matter was referred to the city attorney and the city manager for one week.

It is believed the Parr communication was preliminary to the government dredging operations, so that the city would know where the mud was to be pumped.

Rites For Good Will Fliers Held In Buenos Aires

(By Universal Service)
BUENOS AIRES, Feb. 28.—Funeral services were held here today for Captain Clinton Woolsey and Lieutenant John E. Benton, the American good will fliers who were killed in an air collision Saturday.

Social life was at a standstill and many business houses closed their doors as a token of respect during the funeral. President Alvear, members of his cabinet and high officials of the army and navy as well as American officials attended the funeral.

The funeral ceremonies were the most impressive Buenos Aires has witnessed in years. Tens of thousands of people stood with bared heads in the streets as the funeral cortege moved from the military club to the church.

GUESTS AT CARQUINEZ

Guests registered in Hotel Carquinez last night included: Charles B. Clark, Clinton, Indiana; T. R. Hajek, San Francisco; Dorothy Hospitalier, Richmond; George C. Mason, San Francisco; Lloyd B. Crosby, San Francisco; A. M. Lasson, Los Angeles; Harry Scott, San Francisco; B. F. Boyd, San Bernardino.

NEW ORDINANCE INCLUDES MANY FEATURES FROM OTHER CITIES

Traffic Measure May Pass at Next Meeting of City Council

After making numerous changes during the past month in the proposed traffic ordinance, the measure was agreed upon, and it was given its first reading at the meeting of the council last evening. It was prepared with a great deal of care by City Attorney T. M. Carlson, after going over the similar ordinances of other cities of the state, and culling the best parts from them.

The new ordinance will also repeal numerous other ordinances that have been passed at different times by the council, in the past ten or fifteen years.

Salient Details
The following is a resume of the ordinance adopted last night: Pedestrians as well as motorists are required to obey traffic signs, marks upon the streets or other methods used for the regulation of traffic on the city streets. It shall be unlawful for the operator of any vehicle to drive into any crosswalk while there is in such crosswalk upon the half (Continued on Page 8)

G. Olsen Moves To 412 Macdonald

George Olsen, Richmond Chandler dealer, has moved his place of business to 412 Macdonald avenue and is now ready for business in that location. The new Chandler home, formerly occupied by Emmet Smith, is large and commodious and well fitted to the needs of the new tenant. Its floor space is 50x100 feet.

Olsen has been in business in Richmond for 13 years and has made a host of friends here.

In addition to the spacious show room a service department will be maintained. The new line of DeLuxe Chandler models is arriving, including the standard and big sixes and also the Royal-8-DeLuxe.

Permit Is Granted For Bowling Alley

Henry G. Thomas was granted a permit by the council last evening to conduct a bowling alley at 257 Seventh street.

PERMIT GRANTED
The council last evening granted W. M. Lyons a permit to conduct a pool room at 2015 Macdonald avenue, and also to sell soft drinks.

Husband and Wife

My husband spends an hour preparing to go out and five minutes before he starts, invites me to go with him.—Webster.

What Does Your Husband Do?

ROSE DEATH IS HELD ACCIDENT

That George Rose, 28, prominent rancher of the Clayton valley met his death from gunshot wounds inflicted accidentally was the verdict of a coroner's jury at Concord last night.

Rose was found dead by his wife at a late hour on Sunday night, lying in a pool of his own blood on the floor of their home, the entire top of his head blown away by a shot from a 12 gauge shotgun.

At the inquest, conducted by Coroner Aubrey Wilson of Richmond, relatives stated that Rose had kept a loaded shotgun in his home. It was always standing on a corner near a phonograph. They declared that they believed he had reached for the gun while the intentions of cleaning or oiling the weapon, and drew it toward him, muzzle first, and that the trigger caught on an obstruction and discharged the gun.

RETURNS FROM ARIZONA

John Lestelle, owner of the St. Elmo apartments and the Lestelle building, returned Sunday from Phoenix, Arizona, where he visited with his uncle, Joe Lemboye. Lestelle had not been in Phoenix for 35 years and he reports an enjoyable time renewing old acquaintances.

Council Invited To Take Part In Carquinez Fete

At the meeting of the council last evening an invitation was received from the American Toll Bridge Company, asking the members to take part in the dedication of the Carquinez bridge on May 21st.

The invitation was accepted, and the clerk was notified to instruct the bridge company, that the details of the part that Richmond would take in the coming celebration, was to be left in the hands of the Chamber of Commerce.

Thousands will be at the bridge on that day and they will come from all parts of the state. One auto caravan will start from Sacramento, and will be augmented at every town along the line.

There will be a second caravan that will start from San Francisco, and will be joined by Oakland, Alameda, Berkeley and Richmond.

Intra-City Belt Line Contemplated

Inauguration of inter-city freight service by the Alameda Belt Line railroad, owned and operated by the Santa Fe and Western Pacific railroads between Alameda and other bay cities, including Richmond, was announced yesterday.

DOHENY LOSES SENATOR ASKS OIL LEASES IN INVESTIGATION OF MONOPOLIES

(By Universal Service)
WASHINGTON, Feb. 28.—Holding that Edward L. Doheny, oil millionaire, and Albert B. Fall, former secretary of the interior, were parties to "collusion, conspiracy and fraud," the United States supreme court, in a sweeping victory for the government, today cancelled the Elk Hills naval oil leases and returned the great reserves to the navy.

By a unanimous decision, the nation's highest tribunal held the leases and contracts executed by Fall as a government official to Doheny's companies were both illegal and fraudulent.

Not only did the supreme court cancel the leases and contracts but it held that Doheny and the Pan-

(Continued on Page 4)

By JOHN T. LAMBERT (By Universal Service)
WASHINGTON, Feb. 28.—Charging that the anti-trust laws are being more boldly and flagrantly violated than in the heyday of the McKinley Regime, Senator Thomas J. Walsh of Montana today appealed to the senate to investigate the sensational financing of public utility corporations throughout the country.

"In Hands of Few
The electric, gas and traction utilities are falling into the hands of a few powerful financiers, Walsh charged. Fabulous fortunes are being made overnight by the "insiders" who manipulate the mergers, he asserted.

Excessive Rates
As the result of this orgy of trust-building, the public's pockets are being drained of countless millions of dollars by excessive rates of gas, electricity, railway fares, Walsh declared. He charged that the new trust promoters are rearing a nationwide political oligarchy dangerous to the best interest of the country.

Walsh said that among the electric corporations alone their gross revenue increased from \$337,000,000 in 1924 to \$1,470,000,000 in 1925, he declared the financing done by gas companies alone in 1925 amounted to \$1,500,000,000, a sum greater than the new money attracted into the rail, steel, copper, auto, rubber, shipping and oil industries combined.

He charged that the vast fortunes are being made by the financial giants who are merging these corporations. He said they are capitalizing the skill and genius of the men who established the independent corporations and operated them in the past for the benefit of their local communities.

BULGIN SERVICES START TONIGHT

The Bulgin revival services which will be held here during the month of March will start tonight at the big tent at Ninth street and Nevin avenue, it was announced last night.

The services will be opened at 7:30 with a big sing service.

**KID BROTHER IS
THRILL PICTURE
COMING SOON**

Much as he dislikes being classified as a "thrill comedian," any more than he aspires to be identified with any one type of character or picture, it is a fact nevertheless that Harold Lloyd has set the pace, not alone for comedians, but for all branches of picture production, in the art of chilling the spine, and tingling the nerves. He again demonstrates his mastery with the finishing sequence in "The Kid Brother," his newest contribution to the realm of mirth, which becomes the logical successor to "For Heaven's Sake."

For years Lloyd has been carrying an idea that he wanted to create a scare or thrill sequence on a deserted ship. But not until "The Kid Brother" came along could he find just the spot into which to drop this idea. How well he has fulfilled it can best be judged by the thousands of theatre-goers who are anxiously awaiting the opening of "The Kid Brother" tomorrow which will bring Lloyd back on the California theatre screen after an absence of more than nine months.

However, "The Kid Brother" is far from being a thrill comedy. It's a mixture of comedy, pathos, and romance, and relates one of the most entertaining stories Lloyd has ever given the screen. Laid in a small mountain town, it gives an entirely new twist to this type of production and presents the comedian in a characterization as lovable and sympathetic as "Grandma's Boy."

Lloyd is assisted in his newest work by Jobyna Ralston, as the medicine show girl; Constantine Holand, "the Barker"; Ralph Yearsley, "the bully"; Walter James, the father; and Olin Francis and Leo Willis as Harold's brothers. Paramount is releasing "The Kid Brother."

**THE BARRIER AT
THE RICHMOND**

Shannon Day and Marceline Day, who play respectively the roles of mother and daughter in "The Barrier," the Metro-Goldwyn-Mayer photoplay of the Rex Beach novel, now playing at the Richmond theatre, are not related, as the similarity of their names and their roles might lead one to believe.

Marceline Day is a newcomer to feature length pictures, having been chosen for the role of Needa, the heroine of the Beach story, while playing in comedies and westerns.

Other film features include "The Swimming Instructor," an Earle Foxe comedy; "Topics of the Day" and "Aesop's Fables."

**Rotarians Will
Hold Ladies' Night**

A big ladies' night celebration will be held by the Richmond Rotary club in Hotel Carquinez March 18, and active preparations are being made for the event. Secretary W. T. Helms announced yesterday.

The speaker of the evening will be Professor Paul Cadman of the University of California, and other attractive features are being arranged for entertainment. The regular noon meeting on that day has been laid over until the evening.

Don't Wait Another Minute
You can do wonders with your appearance. Bright eyes, cheery smile, clear complexion, snappy steps, all indicate vigorous men and women.

Your trouble may be Constipation—poisons from waste matter in the intestines circulate in the blood through your system.

Sick Headache, Bile, Indigestion, Drowsiness, Poor Appetite and a slow complexion generally follow.

CARTER'S LITTLE LIVER PILLS is a vegetable laxative, moves the bowels gently, no pain, and does not contain Calomel, Mercury or habit forming drugs.

CARTER'S LITTLE LIVER PILLS are small, easy to swallow and if taken daily as a regulator will promote good health.

Try them to-night—to-morrow refreshed. 25c. and 75c. red pkgs.

Masterpieces Of Art

"Ben Hur" at the California theatre, Berkeley for one week, beginning Sunday, March 6th, offers red-blooded entertainment to the many, and to art lovers "paintings in action" posed from Old World masterpieces. Among these are Leonardo da Vinci's "The Last Supper," Tintoret's "Pool of Siloam," Gustave Doré's "The Nativity," Raphael's "Sistine Madonna," and Rubens' "The Holy Family." Color work is employed in a number of these beautiful scenes. Fred Niblo has managed them with a skill and reverence worthy of the "still-life" masters from whom they are derived.

Seats are now on sale at the box office of the California, Berkeley. Telephone Berkeley 68, for seat reservations. There will be two performances daily at 2:30 and 8:30.

**PURITAN STORY
OF HAWTHORNE
AT CALIFORNIA**

The stern intolerance of the early Puritans, their hardships and their fanatical opposition to all that savors of pleasure, form the background for Lillian Gish's most startling and dramatic role, in "The Scarlet Letter," filmed from Nathaniel Hawthorne's classic, and which is now playing at the California theatre.

The Hawthorne story has been placed on the screen with an amazing fidelity under Victor Seastrom's direction, and the new Metro-Goldwyn-Mayer feature is of a magnitude that lists it among the most important plays of the year.

But the interesting thing is the work of Lillian Gish. She entered on the role with a devout spirit akin to that of the actors in the Passion Play, as for six years she has longed to play the story as a tribute to her Puritan ancestors. She brings to the role of "Hester Prynne" a breadth of understanding that makes the character absolutely live the tragic story of the woman, walled in by intolerance, who bore a brand of shame to shield the man she loved. The dramatic climax at the pillory gives her an opportunity to rise to sublime heights in her portrayal.

The story is staged on a lavish scale; a Puritan village full of men and women and children is seen in the dramatic sequences, nearly a thousand people appearing in their quaint Puritan garb, and the cast is well suited to the story.

Lars Hanson, the Swedish Barrymore, makes his debut in America as "Dimmesdale," the clergyman lover of the heroine, and Henry B. Walthall, once her lover in "Birth of a Nation," plays her Nemesis in a convincing manner. Karl Dane as Giles, the barber surgeon, has an eccentric role fully as effective as "Slim" in "The Big Parade," and William H. Tucker, Marcelle Cordray, Mary Hawes, Jules Cowles, Little Joyce Coad and James A. Marcus, complete a well balanced cast.

The photography by Henrik Sartov is beautiful in the extreme, having the quality of an oil painting, especially in the effective closeups of the wistful heroine of the powerful story.

Victor Seastrom directed. Other features include the first chapter of "The House Without a Key," a mystery of modern Hawaii, from the Saturday Evening Post story by Earl Derr Biggers, starring Allene Ray and Walter Miller; "Topics of the Day," and Larry Canelo at the organ.

**Richmond City
Planner To Talk
At Oakland Meet**

Dr. Carol Aronovici, city planner of Richmond and consultant for many other California cities, will deliver a talk on "Extended Eminent Domain in Street Openings; Building Set-Back Lines," before the second annual city planning conference to be held in Oakland Friday and Saturday. The session is under the auspices of the California League of Municipalities and the California Real Estate association.

Dr. Aronovici will display the Richmond plan, following the approval of the city council of Richmond. Plans from the entire United States will also be shown. Several city officials have manifested their intention of attending the conference.

**CENTRAL SHUEY CO.
INAUGURATES SERVICE**

The Central Shuey Creamery company of Oakland has inaugurated a milk and cream service in Crockett and Valona. The Central Shuey company is affiliated with San Pablo Milk Producers of Richmond.

**Firey, Itchy Skin
Quickly Soothed
With Sulphur**

Mentho-Sulphur, a pleasant cream will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing soothes fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowles Mentho-Sulphur may be had at any good drug store. LaMoine Drug company.

Lillian Gish

Lillian Gish and Henry B. Walthall in a scene from "THE SCARLET LETTER," now being screened at the California theatre.

**WOMEN BETTER
JURORS, CLAIM**

(By Universal Service)
CHICAGO, Feb. 28.—Women have proved to be more than acceptable as jurors in the last four years in Detroit, Mich., according to two jury commissioners of the automobile city visiting here today.

Here to get pointers on the jury system of Chicago courts, Louis H. Funk, president of the Wayne county, Mich., commission, and Clarence R. Shaw went so far as to declare that some of the women jurors served more capably than many of the men.

They added that their circuit court judges were loud in praises of the women. The ideal jury, they said, would comprise eight men and four women.

**Big Dredge Will
Be Used To Widen
Pinole Channel**

The United States dredger William T. Russell, arrived in San Francisco Saturday from Seattle to replace the dredge Culebra, assigned to Grays Harbor, Washington.

The William T. Russell will be used in dredging operations to widen and deepen the Pinole Shoal channel into Mare Island. It is one of the largest dredgers on the Pacific coast and has been assigned to the San Francisco bay district by the United States engineer corps.

The Culebra recently completed dredging the main ship channel of San Francisco bay to a minimum depth of 40 feet. She handled 3,800,000 cubic yards of material at a cost of approximately \$400,000. The fill resulted from deposits discharged by the Sacramento river during the hydraulic mining operations of the gold rush period.

The Dollar Mark—

The origin of the dollar mark is a disputed matter. One theory is that the symbol is derived from the figure 8, which was imprinted on old Spanish dollars, commonly called "pieces of eight." Another is that the sign is a corrupted monogram of the letters "U. S."

To most of us the question is of academic interest only. More important is the necessity for accumulating a reserve of actual dollars. For that purpose an American Trust savings account, earning interest at four per cent compounded semi-annually, is very useful.

TWO CHILDREN FOUND BEATEN AND SHACKLED

(By Universal Service)
MODESTO, Feb. 28.—Shackled to the bed post while her brother, Leo, aged 3, lay with his hands tied with a rope in an adjoining room, Frances Stevens, 11, one of six orphaned children, was found in a pitiable condition at the home of her grandmother at Patterson today by Modesto juvenile authorities. The children were placed in the detention home here pending a hearing to determine whether a charge of inhuman treatment will be filed against Mrs. Louise Lenzen, 57, the grandmother. She has had custody of the orphans since the death of their mother and father, Mr. and Mrs. William Stevens, last April.

A large padlock held the chain tightly about the girl's neck. Her little brother lay in bed with his eyes blackened, his face cut and bleeding.

Medical examination revealed that Frances and Leo had been beaten with a strap. The left side of her body from neck to ankle was covered with welts from one to five inches long. The flesh around her neck where the dog chain was fastened was deeply chafed.

The skin of Leo's wrists had been badly chafed by the cords which held him. With Leo was his crippled brother, Elmore, aged 5. Leo and Elmore have been in almost continual confinement in the dark room since Christmas, Frances said. Elmore also bore marks of violence on his body. The medical examination revealed.

Mrs. Lenzen denied that she had mistreated the children. "I love the children," she said. "It was a financial struggle to feed and clothe them—a problem that taxed me to the utmost. I loved and cared for them as if they were my own."

She said she chained Frances to the bed to prevent her from running out in the street half clothed. Leo's hands were tied to prevent him from interfering with her work, Mrs. Lenzen told authorities.

Bank Resources Reach 25 Billion

(By Universal Service)
WASHINGTON, Feb. 28.—Immense resources of the country's national banks have reached a total of \$25,683,849,000, Comptroller of Currency McIntosh announced today.

This was shown in the banks' latest reports of conditions, as of December 31 last. Combined resources increased more than \$300,000,000 from June 30.

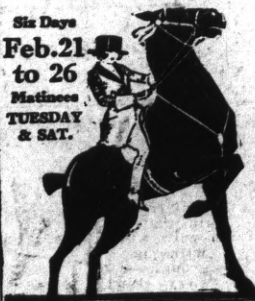

A drop of about \$168,000,000 from a year ago was disclosed. This appeared due to withdrawals from the national banks system and discontinuance of some banks. The total number having dropped from 80,54 on December 31, 1925, to 7,912 a year later.

Total deposits of the banks was given as \$20,862,000,000, capital stock at \$1,410,723,000, and cash held in banks as \$352,709,000.

Loans and discounts, including rediscounts, amounted to \$12,573,275,000, or \$38,000,000 more than a year ago and \$155,000,000 more than on June 30, 1926.

British Tanker a Blazing Inferno After Oil Blast

Sixty thousand gallons of naphtha blew up in three tumultuous explosions on British oil tanker Black Sea in Kill Van Kull at Bayonne, N. J. The craft was instantly swept by flames. Despite efforts of marine fire fighters, who put up most spectacular fight in their history, she was soon a charred hulk. This powerful dramatic and exclusive photo shows flames amidships rapidly consuming the Black Sea, while huge, black clouds of nauseous smoke roll off from her.

EL CERRITO CITY DADS AT BUSY SESSION

Allowance of forty dollars per month for a machine and gas and oil will be made Night Patrolman Frank Walsh if the motion made by Trustee Frank MacDermott is adopted next Monday night. The motion was laid over for one week on the suggestion of Trustee Phil A. Lee who stated that a resolution should be drawn up including other city employees.

City Marshal Forrest Wright's request for an allowance of five dollars per month for city pound was granted by the trustees.

Contract for weatherproofing the city hall was awarded the Chamberlain Metal Weather Strip Co. of Oakland for \$45.00. The work is guaranteed for three years.

The application of Arthur J. Peralta, 300 Kearney street, for the position of traffic officer was placed on file.

An invitation from the American Toll Bridge company to take part in the opening of the new Carquinez bridge on May 21 was accepted by the trustees, and Mayor Zimmerman appointed the board as a whole as a committee to make preparations.

Cancellation of an order to install a street light at Carleton and Poinsett streets was voted by the board when it was found that the light was in the Richmond city limits.

Russian Embassy Ridicules Charge Of Vienna Police

By KARL H. VON WEIGAND
(By Universal Service)

VIENNA, Feb. 28.—That Moscow has ordered a "March revolution" in Hungary by the Communists to be followed by similar revolutions in Vienna and Sofia is the alleged confession of Zoltan Zsando, given out by the Budapest police following his arrest yesterday.

Zsando, who the police assert, admitted he was sent from Moscow by Bela Kun, one time Bolshevik ruler of Hungary, to organize the revolution and overthrow the Horthy-Bethlen regime with an uprising between March 15 and March 20.

The police claim they first got this information from a cipher letter that was intercepted by the Hungarian secret service. All the leading members of the Hungarian Communist party, numbering, it is said, close to a hundred, are in jail.

The assertion that Moscow has anything to do with agitating a revolution in Hungary, is ridiculed at the Soviet embassy here where it is declared the affair is evidently a "plant" sprung at this time for the purpose of strengthening Britain's attitude against Russia.

Gustine—Ground broken for new garage to be erected on 5th street by Jensen Brothers.

North Fairway Is Closed While Span Is Raised

(Continued from Page 1)

ters, San Francisco, in his notice to mariners says:

"The closure of the north side of the strait is necessary in order to permit the performance of certain operations in connection with the construction of the Carquinez bridge.

"Navigators will use the south fairway between the center pier group and the south shore when passing under the bridge during the closure dates, and are hereby cautioned to proceed at an extremely slow rate of speed when in the vicinity of the bridge, so that the hazardous operation of lifting the north suspension span of the bridge will not be endangered by wave action or otherwise."

Delicate Operation

The exact hour and date of this engineering feat depends entirely upon weather conditions, rain, fog, wind or wave action might turn the task into a disaster. For that reason every precaution is being taken and daily weather observations are being made by a special bureau directed from the Mare Island naval yard observatory.

Place Span Thursday

The north span of Carquinez Straits bridge will probably be hoisted into place Thursday if weather conditions are favorable, it was announced yesterday.

Charles E. Berleth, Jr., chief engineer of the American Toll Bridge company declared that progress on the bridge has been kept on schedule and that from present indications it will be completed ahead of the time originally fixed.

Workmen are now filling counterweight boxes on cantilever arms and barges are being placed beneath the great steel span.

Britain Will Not Answer Reply Of Russian Soviet

(By Universal Service)

LONDON, Feb. 28.—Great Britain will not make a rejoinder to the Russian reply to its protest against alleged Soviet propaganda in England. This was announced in the House of Commons today by Sir Austen Chamberlain.

RAGSDALE GETS THIRTY DAYS

John Ragdale was yesterday given a sentence of 30 days in the county jail when he appeared before Police Judge C. A. Odell on a charge of disturbing the peace.

Ragdale, is alleged to have invited several young girls between the ages of 12 and 13 to accompany him to the theatre. He was arrested by Sergeant Manne on complaint of the father of one of the girls.

BUILDING INSPECTOR CONSIDERS APPLICATION

During the coming week the city building inspector will look into the application of the owner of the building at 208 Macdonald avenue for permission to put a tar and gravel roof on the structure.

ENGINEER'S FEE DISCUSSED AT TRUSTEE MEET

Paving and its ramifications occupied most of the time of the trustees of El Cerrito at their meeting Monday evening.

There was much discussion, pro and con, regarding the fees that are being paid the engineer, Ross L. Calfee, under a percentage agreement.

Some of those present thought the present fees being paid were "O. K." while others held they were entirely too high.

Under the plan now under consideration for the paving of the hillside district, which it is estimated would cost in the neighborhood of \$700,000, the engineer's fees would amount to about \$42,000.

The engineer is receiving 6 per cent for his engineering work, and also an additional 1 per cent for preparing the assessment roll.

Trustee Phil Lee stated that during the past week he had investigated the matter of engineer's fees and had found that the engineer was not overpaid in comparison with other cities. He further stated he had no criticism of Calfee's work, and that Calfee had informed him he would be satisfied to work for a salary of \$10 per day.

The result of the discussion was that the protest of W. F. Huber and A. F. Brownell, against what they termed the exorbitant fees of the engineer, was tabled indefinitely.

It is very possible, however, that the trustees may in the future accept the offer of Calfee to work for \$10 per day, instead of paying him a compensation of 6 per cent, and 1 per cent for preparing the assessment roll, which would bring him in approximately \$42,000.

Former Opera Singer Finds Husband Dead After 24 Years Hunt

(By Universal Service)

CHICAGO, Feb. 28.—Mrs. Kate Condon Scott, prominent as an opera singer ten years ago, announced today she would take immediate steps to claim her share in the estate of her late husband, Edward Burke Scott, for whom a 24-year search ended in New Orleans a few days ago when she located a vault containing the remains of "William B. Victor." Mrs. Scott says she has absolute proof that Victor and Scott were the same person.

Mrs. Scott, who is a sister of James G. and Thomas J. Condon, prominent Chicago attorneys, said she married Scott in 1903 in Toronto and after a few months he left her and went south. She continued her opera career.

She said that all subsequent efforts to locate him proved futile, until in New Orleans she picked up the trail that led to the vault of William B. Victor. She said Scott had amassed a fortune in real estate near New Orleans under his assumed name, Victor, or Scott, she learned, killed himself in a fashionable New Orleans club last September 4.

San Mateo—More than \$322,300 to be expended by Pacific Gas & Electric company throughout San Mateo county during 1927.

Beans, "Pulque" Delight Redhot Mexican Appetite

(By Universal Service)

MEXICO CITY, Feb. 27.—Bos-ton's world-famed record for bean consumption has been saturated to bits by Mexico's enormous capacity, according to official estimates which credit the natives of this Republic with eating 150,000 tons of beans annually.

The humble bean, according to government statistics, is easily the most important staple in the Mexican bill of fare, year in and year out.

Roughly speaking, the collective Mexican invests approximately \$25,000,000 each year in the acquisition of beans for his collective delectation and nourishment. Eliminate the well-tanned "pulque" from his diet, and he will starve.

His next largest investment in subsistence goes into "pulque," a native alcoholic drink fermented from the juice of the maguay plant, a kind of cactus. Pulque is to the Mexican what beer is to the Bavarian.

More than \$17,000,000, it is calculated, is spent for pulque with which to moisten the throat and the digestive tract. The amount consumed runs well over three hundred million quarts, or twenty quarts a year for every man, woman and child in the Republic.

So enormous is the consumption of pulque that the Federal Government's Department of Public Health is conducting a special campaign against the liquor, warning the people particularly against the danger of giving it to children.

Chile peppers and tortillas, a flat corn-cake, are the next most important items in the Mexican menu. The best estimates are that the people each year consume nearly 10,000 tons of chile peppers, costing something over \$5,000,000, and that another \$5,000,000 is invested in tortillas.

The four items alone make up above \$50,000,000 in the Nation's annual subsistence bill.

Last Rites For Mrs. Casterlin Will Be Today

Funeral services for Mrs. Mary A. Casterlin, well known Richmond matron, who passed away at her home, 651 Eleventh street, Sunday evening, will be conducted today from the Wilson and Kratzer chapel at 2:30 o'clock. The remains will then be shipped to Eureka for burial. Rev. Earl W. Haney, pastor of the First Presbyterian church, will officiate at the services here.

Mrs. Casterlin was a native of New York and 79 years of age. She is survived by her mother, Mrs. Madge Ripley, of Richmond, and her sister, Mrs. Fred A. Blessings, of New York. She was well known for her activities in the Daughters of the American Revolution of Berkeley, the Twentieth Century club of Berkeley, and the First Presbyterian church of Richmond.

21 DETECTIVES GUARD LIFE OF OPERA SINGER

(By Universal Service)

NEW YORK, Feb. 28.—Twenty-one detectives were among the audience at the Century theatre yesterday to protect the tenor, Beniamino Gigli, of the Metropolitan Opera company.

Only the singer and his management knew of their presence and if he felt any fear during his concert it could not be detected in his voice.

Precautions were taken following threats against his life, and all exits were guarded against the escape of any one who might make the attempt. A strong guard of police and friends shielded Gigli, his wife and children as they left the stage door and a strong police escort accompanied him to his home.

A year ago Gigli disappointed an audience in Detroit and left that city hurriedly when he received a warning signed "The True Friends of Italy."

Oakland—\$6,258,890 to be expended by Pacific Gas & Electric company for construction and maintenance work in East Bay division, with headquarters at Oakland.

Are You Getting Perfect Milk?

Our perfect MILK builds up a sturdy body capable of resisting sickness. Mothers realize that health is a child's greatest asset—good milk is the basis of health. Our well nourished cows grazing on our own fields naturally give much richer milk than ordinary cows do. We watch our pastures and cows as closely as a mother watches her babe.

OUR MILK IS 100% PURE

THE TIRED BUSINESSMAN

Tired Brain Tired Nerves Tired Body

Is it any wonder that digestive organs fail and the heart's action weakens under such strain?

Modern business is carried on at tremendous expense to the nervous system.

So great are the worries and anxieties of business and professional life that the end of the day finds the brain, the nerves, the body, tired and limp.

If you could only rest and sleep there would be some chance of replenishing by night the nerve force which is exhausted by day.

But with the nerves on edge you are restless and irritable. You cannot sit still and relax. You must have excitement until finally worn out, a nervous breakdown brings calamity.

There is a way out of this circle of nervous exhaustion. It is by the use of DR. A. W. CHASE TONIC PILLS.

By using DR. A. W. CHASE TONIC PILLS you will soon find yourself sleeping and resting better, digestion will improve and you will forget the tired feeling in your enthusiasm for new health and happiness.

Write for a copy of the Dr. A. W. Chase Booklet. It is free on request.

Price 50c per box

Dr. A. W. Chase Tonic Pills are for sale at all drug stores or you may order direct from

The Dr. A. W. Chase Company, Inc.

3rd Street and Van Alst Avenue, Long Island City, N. Y.

New Restaurant Has Auspicious Opening Here

The D and L Restaurant opened yesterday at 1320 Macdonald avenue, with Mrs. Dolly Jarvis and Mrs. Lottie Evans as proprietors. It is their intention to provide only home cooking of the highest quality.

"We believe that we have a good location," said Mrs. Jarvis, "and we feel sure from the business we have done in the short time since the restaurant has opened that our new venture will be a success."

The dining room is unusually large and has been newly decorated. A specialty will be made of fifty-cent chicken dinners, Mrs. Evans stated.

Spring Fielding Fever

He knows his apples! What's more, Rogers Hornsby knows how to pick 'em hot right out of the air. Is he in good condition? Well, just clinch Rogers appearing a high one during spring training of Giants at Saratoga, Fla.

Youthful Golf Star Is No Match For Veteran Green Pro.

(By Universal Service)

DAYTONA BEACH, Fla., Feb. 28.—The veteran Mrs. Dorothy Klotz Parque of Chicago held her South Atlantic golf championship title safe today against the threat of the youthful eastern star, Maurine Orcutt, after a keenly contested 21-hole battle.

Miss Orcutt, with her powerful swing, outdrew Mrs. Parque but putted poorly, and missed a foot and a half shot at the twenty-first, deciding the contest in favor of the Chicagoan.

An example of the miserable green game played by the youthful eastern player was erratic play at the third hole. After drawing a booming 203-yard drive, Miss Orcutt dubbed her close shots and ended with a poor five for the hole. Mrs. Parque playing a plodding, steady game, nosed out Miss Orcutt for the hole with a four.

Wild putting again lost a hole for Miss Orcutt at the sixth. Mrs. Parque got herself in trouble when she hit the sand. Miss Orcutt likewise floundered, landing in the water, and then dubbing into a trap. Both were even when they approached the green but putting steadily Mrs. Parque went out in 6 to Miss Orcutt's 7.

Sportographs

BASKETBALL
The University of California basketball team will meet the Oregon Aggies basketball team for the championship of the Pacific coast on March 11, 12, 13. The Bear quintet is reputed to be the best the University of California has put on the floor in years.

OAKS
As usual, Gene Valla will lead his Oakland teammates to the slab this year, it was announced at the Oaks training camp in Myrtlebeach Springs yesterday. The former Seal is out for a batting record this fine year.

BASEBALL
Muddy Ruel has signed his 1927 contract with the Washington Senators. It was announced yesterday by the manager of the team. It was feared for a time that Muddy would be a holdout.

MORE BASEBALL
The vanguard of the Detroit Tigers reported at the spring training camp at San Antonio yesterday morning. Over 30 veterans and rookies arrived at the camp to start the year off right.

WHATTLE 'U' HAVE? BASEBALL?
The first training game of the season was won on Sunday by the Boston Red Sox when they went up against the Stockton Merchants, semi-pro players. The Red Sox took victory into their camp by a score of 4 to 2.

N. C. Tossers Lose Valuables In Ga.

(By Universal Service)

ATLANTA, Ga., Feb. 28.—While members of the North Carolina University basketball champions of 1926 were busy winning a game from the Auburn quintet last night, sneak thieves were pilfering their lockers at the Atlanta athletic club. Rufus Hackney lost \$30 in cash and a \$60 watch; Pr. R. Baggett checked short \$16 and R. M. Hardee found his watch chain and three pairs of socks missing. C. P. Purser lost a watch chain and \$14; J. N. Ashmore lost a chain, a gold knife, a frat pin and a pair of cuff links and B. W. Hackney is short \$12.50 and a pair of cuff links.

7 Children Die; Woman Is Jailed

(By Universal Service)

HULL, Que., Feb. 28.—The law went down into "stovepipe alley" in the suburb of Wrightville near here today and as a result Mrs. Diana Lacroix, who has been conducting a "baby farm" in the Hull jail. Seven children placed in her charge have died there since last August—three of them under suspicious circumstances—and she is held as a material witness.

The detention of Mrs. Hull climaxes a three week's investigation.

Sciot's Concert To Be Held March 8

The Richmond Pyramid of Sciot band will make the first of a series of public appearances before the Alpha lodge. Free and Accepted Masons, in Masonic Temple March 8. The band has been excellently directed by Adolph Nelson. William Barry, prominent member of the Sciot, will be in charge of other entertainment to be offered on the program. All Masons are invited to be in attendance.

Chilean Fighter Knocks Out Rival

SANTIAGO, Chile, Feb. 28.—The Chilean fighter Loayza knocked out Luis Castanares of the Argentine in the first round of their fight here tonight.

WALLY AND HIS PALS

Annex Residents Must Pay Highly For Telephones

If there are any residents of the Annex who desire telephone connection with the Richmond exchange, it will cost them \$3.00 per month for the phone, and also \$3 additional each month for each half mile that the phone is located from the arbitrary boundary line that the telephone company has established, dividing the territory between the Berkeley exchange and the Richmond exchange. For an Annex resident to secure a phone it would mean a monthly charge of at least \$6, and as much as \$12.

This was the pleasing (?) news that was received at the meeting of the council last evening.

It would seem there is no remedy for the matter as the railroad commission has held that the telephone company is not bound by municipal limits, but can establish arbitrary lines, and this has also been upheld by the state supreme court.

The boundary line between the Richmond exchange and Berkeley exchange is Schmid lane. All those north of this line are automatically placed on the Richmond exchange, and those south of it on the Berkeley exchange.

There are a number of residents of the Annex, now a part of the city of Richmond, who desire to be on the Richmond exchange and the council has done everything possible to add them, but without success.

Show Windows Will Be Veiled

Today marks the veiling of the windows in which the spring opening of new merchandise will be displayed. This evening at 7 the curtains will be withdrawn and Richmond people will be treated to a view of spring goods which will equal any in their neighborhood. Every line will be presented and the Richmond Merchants association members have done their best to give their friends the finest the markets afford.

"Come down town this evening and view the windows as this is the first event in the Spring opening program for March 3, 4 and 5," invites Marie Macdonald Jensen. "These dates correspond with the Oakland Spring Opening but you should see Richmond first."

Lions To Observe Fire Prevention Month March 15

"Fire Prevention Month" will be observed at the meeting of the Richmond Lions club Tuesday, March 15. Secretary A. C. Faris announced yesterday. The speaker of the day will be J. Stevens, state fire marshal, and the well known Oakland fire department orchestra will present a musical program.

Stevens is also connected with the board of fire underwriters and is an authority on methods for combating conflagrations.

The Lions' meeting in the Hotel Carquinez today will be devoted to transaction of routine business.

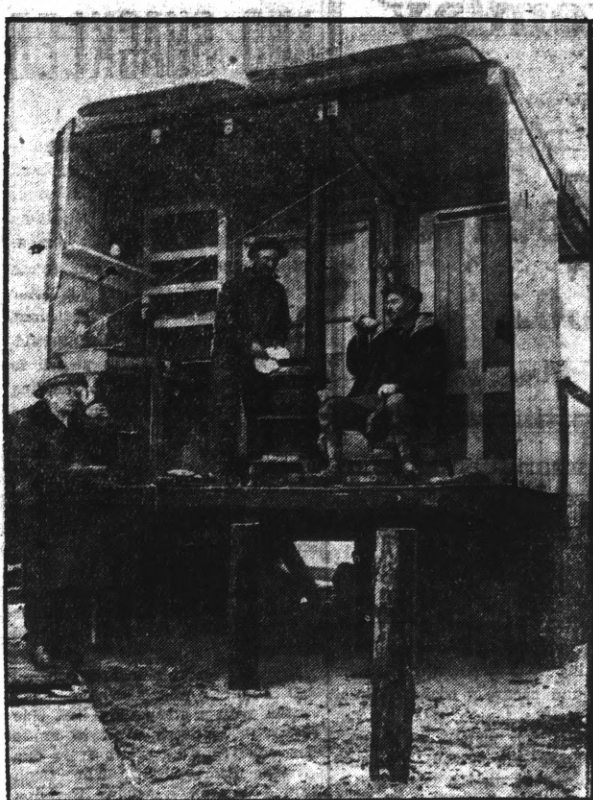

Permit Issued For Bank Branch

The building at Fairmont and San Pablo avenues, El Cerrito, will be utilized for a branch of the Mechanics bank of Richmond, a permit issued yesterday by Building Inspector J. F. Walsh in El Cerrito for repairs to the building, indicated. Carl Overa, local contractor, will do the work at a cost of \$1,350.

Great Western Power company to expend \$8,307.135 for improvements during 1927.

Your grocer now has J. C. Nelson's Home-made Mayonnaise—Club Spread—1000 Island Dressing. Or call 345 10th Street. Phone 903. 10 1 1 mo.

After The Storm Was Over

No this isn't a movie set! Frank of storm at Oakwood Beach, Staten Island, N. Y., sliced kitchen off rest of house. Left to right: Max Geidel, William Wiley and Ernest Henke.

Pittsburg Hotel Man Is Stabbed 5 Times In Chest

PITTSBURG, Feb. 28.—Stabbed five times in the chest with an ice pick by unknown assailants, Jack Marshall, 22, owner of the Hotel Bay of this city, is hovering between life and death, as the result of a knife attack in the Dellara Hotel in Antioch last night.

Marshall's lungs were punctured twice and his liver penetrated once. The point of the ice pick sank nearly two inches in each lung.

Warrants charging two men and one woman with assault with a deadly weapon have been issued in Justice Matt Ward's court while local authorities are searching for the trio one of whom Marshall accuses of having attacked him without provocation when he stepped into an Antioch cigar store to purchase a package of cigarettes. The party fled after the attack.

Marshall was discovered in a room of the Dellara Hotel habitation incoherently. He was at first believed to have been poisoned but medical examination revealed his critical condition.

Will Appear On Murder Charge

MARTINEZ, Feb. 28.—Accused of murdering Jesus Sierra, 45, in a knife duel at Pinole a month ago, Jose Lopez, 39, Santa Fe, Alvarado for trial April 5. Lopez alleges that the duel was precipitated by a quarrel over a loan.

Attorneys T. D. Johnston and Leo Torney have been appointed by the court as counsel for the defendant.

A \$10,000,000 bond issue of Los Angeles Gas & Electric corporation was over-subscribed in California, over-subscribed in the East; the total demand was several times the issue. The company has 472,891 meter customers, and has been in existence for nearly 60 years.

Pemit Is Asked For New Building By Frank Scholes

Councilman Frank A. Scholes, Nash dealer, is to have one of the finest salesrooms on the east side of the bay. It will be erected for him by P. M. Sanford at the northeast corner of Eleventh and Bissell avenues.

The final step before actual construction of the building was taken last evening at the meeting of the council, when Sanford asked for a permit for the building. This went to the city planning commission and will be reported back next Monday night.

The plans for the building call for a most attractive structure. It will be built of steel and ornamented with glazed tile or pressed brick.

All of the details concerning the new building have been worked out by Scholes and Sanford with a great deal of care. It will have a frontage on Bissell avenue of 100 feet and 75 feet on Eleventh street.

The salesroom will be 30x75 feet and will have a frontage on Eleventh and 30 feet on Bissell. This will all be plate glass, and is about three times the size of the present salesroom of Scholes.

Back of the salesroom will be the offices and accessory rooms, and in the rear of the building will be the service department. This will be 40x60 feet. The entrance to the service department will be on Bissell avenue.

There is every indication that the block bounded by Tenth, Bissell and Eleventh will become a first class automobile row in the near future.

It is very possible that other dealers may follow the lead of Scholes and also locate in that section.

New Building Is Slated At Martinez

MARTINEZ, Feb. 28.—F. P. Brady, local plumbing contractor and owner of the property at Las Juntas and Ward streets, announced today his plans to erect a modern two-story business block at a cost of approximately \$30,000.

The plans include two stories on the ground floor and three apartments on the second floor.

Seek To Make State Park Of Mount Diablo

The Mt. Diablo Park Commission yesterday asked public support of a bill introduced in the state legislature by Senator Will R. Sharkey of Martinez, asking an appropriation of \$225,000 for acquisition of 3,200 acres on Mr. Diablo and eighteen miles of scenic highway thereon to add to Mt. Diablo State Park. There are now 640 acres in the park confines and the mountain has already been declared a game sanctuary.

The commission in urging support of the bill issued a statement declaring that the opportunity to acquire Mt. Diablo as a state park is such that it will probably never again be given the people.

"Mt. Diablo is unique in not only California, but in almost the entire country, being an isolated peak that rises wheerly out of a flat area to almost 4,000 feet and commanding a panoramic view of California that is one of the state's most scenic assets.

"Mt. Diablo should belong to the state as one of its most unusual parks. Already it is a game sanctuary. Its flora is the richest and most interesting in any concentrated area in the state. Geologically it is probably one of the most interesting regions in our entire country.

"Pay Promptly" Week Explained At Credit Meet

That the Richmond Credit Rating Bureau "knows, how" was demonstrated at the monthly dinner meeting at Hotel Carquinez last night through the credit situations presented by Poinceter, of Gossier Lee Jewelry Co., Miss L. Mitchell of the local credit Bureau and Mr. O. P. Rupp of the Contra Costa Loan & Finance company. These demonstrators showed "how a credit account should be properly opened" and also put on a skit "how to say 'no gracefully'" when it is not desirable to extend credit to an applicant. A round table discussion of various principles applying to the different lines present followed and many interesting "points" were brought out by the members.

Mr. Rupp gave a comprehensive talk on the effective system employed by his company through which the applicant is helped and the interest of the merchant protected by careful check-up through the local credit bureau.

A. Abrahams explained in detail the "Pay Promptly" Week program and urged all members to participate to improve credit conditions in Richmond in order that we may all profit from the campaign put on by the National Association.

The new system of collections recently inaugurated by the Credit Bureau was outlined by Marie Macdonald Jensen and the results of collective and cooperative collection through the local bureau is meeting with pronounced success. Announcement was also made of the March meeting on the third Monday at which each member is to bring a member to hear a speaker of wide experience in credit legislation.

Roy Banducci gave those present a rare treat through an accordion concert and was so well received that he was brought back for several request numbers. An invitation was extended to the members to attend a Merchants Dinner at the Commercial Club in San Francisco to hear Mr. A. Filene of Boston on March 8.

Oakland—Contract awarded for completion of new club building of Oak Knoll Country club.

Imperial—State highway to be paved from north city limits of El Centro to Imperial.

BURG BROS., Inc.

Best—Built Bungalows

The difference between A FORD and a PIERCE-ARROW is in the material used and the mechanical construction and finish.

Inspect the many homes Burg Brothers are now building to order and for sale, and you will see the difference between a real built home and most of the ordinary built houses.

There is very little difference in the price, but great difference in the value.

We build to your order and satisfaction for the price you want to pay and sell on easy monthly installments.

A thousand of the choicest and best located lots in Richmond to select from.

Mr. Haskell Completely Relieved

Mr. H. Haskell was very much discouraged after two months of the Fong Wan treatment and wished to quit.

He was urged to continue the herbs and was completely relieved after three more months of the Fong Wan Herb.

His testimonial

Oakland, Calif.

I suffered for many years from spots of the stomach and from bladder trouble. After years of treatment without results, I became very much discouraged and feared that I should never again be well. One day I saw in the newspaper a testimonial that Mr. P. Oliver had given to the FONG WAN HERB CO. As his case had been similar to mine, I called upon Mr. Oliver and learned from him that everything stated in that testimonial was true. I then began to faithfully take the FONG WAN HERB TREATMENT and after three months I was a well man. At the time of this writing my blood test is negative and my bladder is in splendid condition. 2113 Linden St.

ACCEPT OFFER OF FRANCE TO PAY ON DEBT

(By Universal Service)
WASHINGTON, Feb. 28.—Ac-
ceptance of France's offer to pay
the United States \$30,000,000 this
year on her four billion dollar
war debt was announced officially
today by Secretary of the Treasury
Mellon.

Similar payments will be made
from year to year, it is expected,
while the Franco-American debt
agreement remains unratified by
the French parliament. Although
Mellon stated that there was no
formal agreement to this effect,
no removal or modification of
the embargo on American private
loans to the French is involved in
the new plan of payment, accord-
ing to Mellon.

Neither will France be freed of
the necessity of paying the \$407-
000,000 bill for American surplus
war stocks, which falls due in
1929. This obligation is to be
lifted only if France meanwhile
ratifies the debt agreement, which
provides for consolidation of this
bill with her other debts and
payment of the whole over a 62-
year period.

A French payment of \$10,000,000
will be made on June 15. It will
be credited to the annuities pro-
vided for in the debt agreement
"if and when" this is ratified.
France's usual payment of \$20-
000,000 interest on the surplus
war stocks bill will make up the
remainder of the \$30,000,000 pay-
ment this year.

Antioch—New schoolhouse
planned for construction in this
city.

Building Permits Total \$40,845 For Richmond In Feb.

Building permits for construction
to the value of \$40,845 were issued
during the past month, according
to statistics released yesterday by
City Building Inspector A. J. Hur-
ley. Of this amount, \$34,700 went
toward the erection of new build-
ings; \$3,075 for repairs, and \$3,070
for miscellaneous work.

The total activity for the past
three years indicates that Febru-
ary makes a favorable comparison.
In 1925 the total was \$54,915; in
1925 it was \$30,215, and in 1924
\$69,170. The stormy weather of
the past month has greatly hin-
dered building operations.

Eleven new homes were started
in Richmond during February, and
indications are that there will be
a boom in building operations with
the coming of spring.

Building permits were issued
yesterday for the construction of
three new cottages. Thomas Bol-
ger will erect a stucco cottage on
the south side of McLaughlin
avenue between Richmond and
Nevin avenues at a cost of \$3,500.
G. Werner will construct two
new stucco cottages with rustic
basement on the east side of
Goodwin avenue between Nevin
and Macdonald avenue at a total
cost of \$5,500.

A permit was granted to J. J.
Davis to move and repair a build-
ing on the south side of Richmond
avenue between Washington and
Santa Fe avenues at a cost of \$75.
Theodore Dunlevy was granted
permission to erect a frame garage
on the north side of Virginia
avenue between Fifteenth and Six-
teenth streets at a cost of \$125.

Stockton—Bids requested for
grading approaches to Mossdale
bridge across San Joaquin river
on Stockton-Oakland highway.

Storm Reaps Death And Huge Property Loss

Loss of many lives and property damage amounting to millions were toll of storm that hit New York at Atlantic seaboard. Here's what the gale did to this barge driven ashore at New Dorn, Staten Island.

(By Pacific & Atlantic)

NEW ORDINANCE INCLUDES MANY FEATURES FROM OTHER CITIES

(Continued from Page 1.)

of the roadway upon which said
vehicle is traveling, any pedestrian
engaged in crossing the roadway
until such pedestrian shall have
passed beyond the path of said
vehicle.

The operator of a vehicle shall
stop before entering any cross-
walk when any other vehicle pro-
ceeding in the same direction is
stopped at such crosswalk. At
crossings where traffic officers
are on duty all vehicles and pe-
destrians shall move at the direc-
tion of the officer.

Traffic District
Within the central traffic dis-
trict which includes that portion
of the city on Macdonald avenue
from First street to Twenty-third
street, and Sixth, Seventh, Eighth,
Ninth and Tenth streets from Mac-
donald avenue to Nevin—or a busi-
ness district no pedestrian shall
cross a roadway other than by a
crosswalk. Outside of the central
traffic district or a business dis-
trict, no pedestrian shall cross a
roadway other than by a route at
right angles to the curb; and any
pedestrian so crossing at any place
other than at a crosswalk shall
yield the right of way to all ve-
hicles upon the roadway.

It shall be unlawful for any
person to stand in a roadway for
the purpose of or while soliciting
a ride from the operator of any
private vehicle.

Playing on Street Prohibited
It shall be unlawful for children
or others to play games of any
kind, in or upon the portion of
the streets described as roadways
in any part of the city.

Boulevard Stops
The council shall designate and
declare as such from time to time
what streets and parts of streets
shall be designated as boulevards
for the purpose of boulevard stops.
Every operator of a vehicle or
street car traversing any street
intersecting any boulevard, shall
stop said vehicle or street car at
the property line of the boulevard
before entering the boulevard, pro-
vided said boulevard is clearly
marked or signed.

Bicycle Riding
It shall be unlawful to ride a
bicycle or motorcycle upon any
sidewalk. The rider of a bicycle
upon a roadway shall ride nearly
as practicable within five feet of
the right hand curb or edge of
the roadway except when passing
a standing or other vehicle or
making a left turn at an inter-
section. It shall be unlawful for
the operator of a bicycle or motor-
cycle when upon a roadway to
carry any person upon the handle-
bars, crossbar or tank of such
vehicle.

Regulates Toys
It shall be unlawful for any per-
son upon roller skates or riding
upon or by means of any coaster,
toy vehicle or similar device to go
upon any roadway.

Approve Policy Of Advertising State Resorts

California's policy of exploiting
its tourists' attractions through
Californiaans Incorporated and the
California State Automobile asso-
ciation is being advocated through-
out the nation by the American
Automobile association as a plan
that should be adopted by other
sections of the country. A recent
bulletin issued by the nationwide
motorists' organization received
yesterday by the California asso-
ciation points out that foreign
countries with highly advertised
touring areas are making a strong
bid for the United States tourist
trade.

Some of the best touring sec-
tions of the United States have no
plans to meet this competition
from foreign countries, many of
which are making a direct appeal
to American prospects and some
of which have provided special
appropriations and set up bu-
reaux to exploit their attractions.
It is pointed out by the A. A. A.
The statement is based on an
analysis of the world touring situ-
ation made by the A. A. A. national
touring board.

Motor club service, such as of-
fered by the California association,
is emphasized by the A. A. A. as
one of the prime factors in pro-
motion of home motor touring. The
type of community advertising
done by Californiaans Incorporated
is advocated for adoption by other
states. The A. A. A. statement
added:

"If the resort areas were any-
where as near up-to-date in the
business of telling the American
people what they have to offer as
motor clubs are in providing road
services and other facilities for
the motoring public, motor touring
and the trade that follows it would
increase at an even greater rate
than it has in recent years."

Execution Stay Is Asked For 6 Joliet Convicts

(By Universal Service)
JOLIET, Ill., Feb. 28.—Attorneys
for the six convicts sentenced to
die Friday for the murder of
Deputy Warden Peter M. Klein
will appear before Justice Fred-
eric R. Deyoung in Chicago
Wednesday to ask for a writ of
superseades staying execution.

The sextet was originally sen-
tenced to die February 11, but
two days before the date of exe-
cution Judge Arthur W. Deselm
of Joliet granted them a reprieve
until March 4, to allow the case
to be taken to the supreme court
for review.

Expense of preparing a record
of the case for the supreme court
has been met by contributions
from Mexicans in Chicago and
from the families of the condemned
men.

Sheriff E. Markgraf said today
that if a stay of sentence is
granted he will order the scat-
fold in the jail yard dismantled.

Thirty One Killed In Mexican Battle

(By Universal Service)
MEXICO CITY, Feb. 28.—
Twenty-four rebels and seven fed-
erals including Colonel Martinez
were killed near Cerro Prieto,
Guerrero, in a battle won by
the government troops, according
to an official statement made by
the war department today.

'JOHN D.' TAKES HAND IN SUIT

(By Universal Service)
CHICAGO, Feb. 28.—John D.
Rockefeller himself stepped into
stop the suit against his daugh-
ter, Mrs. Edith Rockefeller Mc-
Cormick, over \$7,000,000 worth of
Standard Oil stock, it was dis-
closed here today.

The suit had been filed by her
daughter, Mrs. Anita Oser, whose
marriage to the Swiss Squire
attracted world wide attention. It
sought to compel Mrs. McCormick
to invest at least \$7,000,000 worth
of oil stock into a trust fund
for Mrs. Oser and "other heirs."

Dismissal of the suit today by
the United States court of appeals,
followed Mrs. McCormick's agree-
ment to the wishes of the daugh-
ter. Her attorneys told the court
that the stipulated millions will
be invested as wished.

And the hand of John D. Rocke-
feller was seen by attorneys here
as the motivating factor in his
daughter's compliance.

Tsar Calfee Will Direct Observance Of Humane Sunday

Attorney Tsar N. Calfee of Rich-
mond is directing the observance
of Humane Sunday, April 3, and
Be Kind to Animals Week, April
3-11, in Contra Costa county.
Committees have been named in
each city and the campaign is well
under way to focus public atten-
tion upon humane work during
that time.

The movement to observe one
week each year as Be Kind to
Animals Week is fostered by the
American Humane association, the
national federation of humane so-
cieties. The association is making
unusual efforts to have the cele-
bration universal this year.

The committee for California is
composed of 34 members, each of
whom is directing the work in his
locality. All are anxious to com-
municate with any one willing to
help in the work.

Oaklander Buys Richmond Corner

C. A. Rieser of Oakland last
week bought the northeast corner
of Barrett and Twenty-third, at a
price understood to be about
\$8,500. The property was sold by
B. L. Spurr of Burg Bros., realtors.

Woman Falls In Cistern While Picking Flowers

(By Universal Service)
MODESTO, Feb. 28.—While pick-
ing flowers in the back yard of
her home here Sunday afternoon,
Mrs. Van Ree fell into an 18-foot
cistern and was rescued after two
hours by members of the fire de-
partment, called to the scene. Mrs.
Van Ree had unknowingly stepped
on the rotted board roof of an old
abandoned well. Her weight
caused the boards to give away
and she plunged to the bottom of
an old cistern. Weak from shock
of two hours' imprisonment in the
deep hole, her screams for help
were finally heard by neighbors
who summoned the fire depart-
ment. A ladder was lowered into
the well and Mrs. Van Ree brought
to the surface.

ATTORNEYS MOVE

Hall W. Sanders and W. T.
Kearney, well known Richmond
attorneys, were yesterday moving
from their old quarters in the
Pillow building, at Seventh street
and Macdonald avenue, to their
offices on the second floor of the
First National bank.

Boy Arrested For Theft Of Bicycle

Chief of Police Dan Cox ar-
rested a 12-year-old Richmond boy
Sunday night, a short time after
Elmer Johnson, 526 Twenty-fifth
street, had reported that his bi-
cycle had been stolen from the
rear of the California theatre.
The boy's name is being with-
held on account of his age. He
was placed in the care of his par-
ents. Chief Cox encountered the
youth riding a bicycle that an-
swered the description of the stolen
vehicle and his arrest followed.

CHANDLER MOTORS

Two Principles

ALEXANDER GRAHAM BELL discovered an electrical
principle upon which a great communications art has
been founded.

Those who undertook to give practical value to his discovery
likewise left to their successors a principle of service, that has
been developed into an intercommunicating system of over
17,000,000 telephones.

Both of these principles were built upon and developed with
the same objective,—that of enabling men to talk one to an-
other easily, conveniently, cheaply. With nation-wide tele-
phone service already an accomplished fact, these principles
still continue to act and react upon each other, producing new
ideals of service, new goals toward which to strive.
